

Chris Gaal is running for Judge in the May primary.

Chris has been serving the community as a thoughtful and innovative public servant for more than 20 years. As prosecutor, he has not only successfully brought criminals to justice, but he has collaborated with many organizations — IU, Susie's Place, IU Health SANE nurses, social services, nursing homes and consumer groups, to mention a few, to make this county a more compassionate and responsive place to live. Most recently, he has worked with Middle Way House to bring training for law enforcement to identify and record evidence of strangulation in cases of domestic violence. Chris Gaal has a keen sense of and devotion to social justice. He knows what he believes in, and he acts on what he believes is right. We will be fortunate to have him as judge.
