

Urge support for Gaal

To the editor:

I support Chris Gaal for Judge of Monroe Circuit Court 2. Chris has dedicated his career to public service. During his three terms as Monroe County prosecuting attorney, he has been a driving force behind multiple groundbreaking local partnerships to address issues directly impacting the safety of our community such as sexual assault, child abuse, crimes against the elderly and drinking and driving. He has placed a high priority on public education and crime prevention, including reducing recidivism. Chris is a true problem solver who solicits input, listens carefully and responds thoughtfully. His accomplishments for this community are far too numerous to list here but can be found at monroeprosecutor.us

I have known Chris since he graduated law school and was able to work with him on creating educational videos focused on issues important to seniors and their families. I have witnessed Chris's commitment to ensuring justice, particularly for the most vulnerable members of our community. As a now retired Bloomington lawyer, I believe that Chris will be a conscientious, fair, and ethical judge who will treat all litigants with respect. I urge your support for Chris Gaal in the upcoming election.

Jamie Andree
Bloomington
