

Vote for Gaal

To the editor:

I am writing in support of Chris Gaal for judge of Monroe Circuit Court 2.

During Chris's time as prosecutor of Monroe County, he has started programs that have made and will continue to make a difference for people I work with and care about, the same people who are often forgotten: children, women, people with disabilities, those with a mental illness and the elderly.

I have taken a tour of Susie's Place and seen the care that those who work there take to make children feel safe enough to share stories of abuse and/or neglect. I know some of the young mothers who will benefit from home visits from a nurse. Every day, I see people who will benefit from having more case workers in adult protective services.

You can read Chris's list of achievements and see that he uses common sense and has compassion for everyone. I believe that he will bring that same sense of compassion to his courtroom as judge of Circuit Court 2 and I intend to vote for him.
