

Confident of ability

To the editor:

Chris Gaal has a distinguished record as Monroe County prosecutor because he has used his office to address the needs of those most vulnerable in our community — the young, the elderly, victims of sexual assault and domestic violence, and those dealing with substance abuse and mental health issues. His progressive approach emphasized education and compassion first rather than prosecution as the only path.

As a judge, Chris Gaal will bring to the bench his diverse experience in private law practice, his time served on the Bloomington City Council and his progressive commitment to justice as Monroe County prosecutor. His dedication to serving the public will serve all in our community well.

Having worked closely with Chris Gaal on the Bloomington City Council, I saw that he was always willing to listen to others and find the way through difficult issues. He will be a fair-minded judge dedicated to the well-being of the community. I am confident in his ability to make careful and well-reasoned decisions that will ensure fair and equal justice for all.

Please join me in voting for Chris Gaal for Judge for Monroe County Circuit Court II.

Tim Mayer
Bloomington
